What is the Welcome Center?

A multicultural center that welcomes newcomers, supports them in their transition into the community, and provides access and opportunities for self-sufficiency.

Services Provided:

Advocacy & Client Services

We connect clients with necessary community resources to address medical, social, community, legal, financial, educational, and other needs.

- Digital literacy & print service

Language Services

Our diverse staff helps with interpretations and translations of documents, emails and phone calls for the client.

We work with the school district to provide interpreters for registration and conferences.

Our organization facilitates communication between businesses and limited-English speaking clients.

Community Building

Our community programs are aimed at fostering diversity, inclusion, and cultural education.
